   - Current 2019-2020 Math, Science, or History Teacher
   - Secondary School Report (Optional, completed by Principal or Counselor)

Campus Visit and Interview* – Applicants will attend classes to experience Athenian’s campus and classrooms and interview. A minimum application status of Started is required to schedule a campus visit and interview. To schedule a campus visit and interview contact the Admission Office at 925-362-7223 or admission@athenian.org. (Applicants who do not live within a reasonable driving distance and are not able to complete a campus visit should contact the Admission Office to schedule an interview by phone or Skype.)

*Please note for Chinese applicants: Due to a very high number of requests for classroom visits and/or interviews for applicants from China, we are not able to arrange classroom visits or interviews for applicants from China. To accommodate visit requests, we have reserved specific dates and times to attend an information session to meet with the Admission Office and have a tour of the campus. The information session visit does not include an interview. Contact the Admission Office at 925-362-7223 or admission@athenian.org to schedule an information session. A limited number of completed applications will be considered for an interview by phone or Skype in March. Applicants living in China are encouraged, but not required, to contact Vericant (http://students.vericant.com/) to complete a preliminary interview in China. Please complete Vericant interviews between August and January.

Entrance Exam Testing – International students for whom English is not their first language must submit a test which demonstrates their English language ability. Athenian encourages students to submit the TOEFL (Test of English as a Foreign Language). The TOEFL Junior or IELTS are also accepted. A strong score on the verbal and reading portion of the SSAT is also acceptable. See the English Language Testing Requirements for International Applicants for detailed information. TOEFL – Athenian school code: 9155

International applicants for whom English is their first language or are completely fluent in English should submit the Independent School Entrance Exam (ISEE) or the Secondary School Admission Test (SSAT) instead of a test of English.
